## Welcome Back, Wooster!

After an absence of 15 years from Ohio State's schedule, Wooster, unbeaten in the Ohio Conference during the 1923 campaign, makes its reappearance today as an Ohio State football foe. Up to recently Wooster's slate was unsullied by defeat since early in the 1922 season. This fine record was one of the reasons for inviting Wooster back to Ohio State's schedule.

Along with Ohio Wesleyan, Denison and Kenyon, Wooster is the oldest foe in Ohio State football history. Back in 1890 when the Buckeyes first essayed varsity football, Wooster overwhelmed the Ohio Staters by the lop-sided score of 64 to 0. It was another 15 years before Wooster reappeared to oppose the Buckeyes on the gridiron.

In 1905 Ohio State defeated Wooster 15 to 0 and a year later won again, this time by the count of 12 to 0. In 1907 the two elevens battled to a draw, the score being 6 to 6. In 1908 Wooster again won, holding Ohio State scoreless while it ran up eight points. In 1909, the last time the two teams met, Ohio State got sweet revenge for that 1890 setback and piled up 74 points to none for Wooster. The account between the two teams thus stands at three victories for Ohio State, two for Wooster and one a draw. In five of the six games one team or the other was held scoreless.

Interest is added to today's game by the fact that back in 1900, Athletic Director L. W. St. John, of Ohio State, was a fullback on the fine Buckeye team of that year. Subsequently he went to Wooster to wind up his college career and later coached there and was athletic director at Wooster from 1902 to 1909.

Ohio State, in playing host to Wooster, in a sense is holding open house for the whole Ohio Conference, and pays tribute to the fine quality of football teams there produced. For all it devotes its major attention to the Western Conference these days, Ohio State still cherishes the friends of its younger days and is glad to meet them on fields like these.

Ohio State To Honor Olympic Athletics at  
Indiana Contest

Indiana, missing from Ohio State's football schedules since the championship days of 1917, is next week's visitor to the Stadium. The game with the Hoosiers is an unusual attraction from a number of points of view. A week hence Ohio State will start the last half of its hard campaign in the Western Conference, games with Indiana, Michigan and Illinois coming on successive Saturdays in November.

Indiana, too, is credited this fall with having its strongest team in many years. They have a feeling out in Indiana that the Hoosiers are undergoing a rejuvenation at the hands of "Navy Bill" Ingram.

The Indiana game has been chosen, too, as the occasion for the official recognition of Ohio State's Olympic athletes. Plans are being made for a public ceremony between halves in honor of the Buckeyes who won places on the Olympic team.

The game also marks the inauguration of what it is hoped will be an annual event, namely, the first "Ohio Luncheon Club Day" in which luncheon and service clubs from all parts of the state have been invited to participate. The event is being sponsored by the Inter-Club Council and by the University.

## "A-B-C-stuff"

In college a fellow is handed a mass of facts—some of them simple and fundamental, others complex, intricate and hard to remember. *Get your fundamentals fixed.*

For instance, it is easy to grasp once and for all time the fundamental of good paving—*THE "ABC" PAVEMENT*—

**A**SPHALT for *Filler* because it makes the traffic-bearing surface a water-proof, flexible armor not subject to the cracks which follow rigid slab construction, and because repair costs are insignificant where each brick is an easily removable unit.

**B**RICK for *Surface* because it furnishes the best surface for for traffic; *hard*, but not brittle—*tough*, but not rough—*dense*, and non-absorbent—*smooth*, but not "slick;" because its fire-hardened toughness resists wear and tear so sturdily that upkeep expense is squeezed to a minimum and because any margin of higher first-cost is speedily offset by low maintenance, long life and un-interrupted service.

**C**ONCRETE, CRUSHED ROCK, CRUSHED SLAG OR GRAVEL for *Base* because some one of these bases meets any conceivable sub-soil condition, and with a bedding course of sand or screenings makes the best sub-structure yet developed for modern street or highway traffic.

## Miami Calls You

MIAMI, FLORIDA, is the city of youth, adventure and romance. Not yet thirty years old, she is doing bigger things in a better way and on a larger scale than northern cities many times her size. Her population has increased over 400 per cent in ten years. This is the largest growth of any city in the United States.

Like the early days, when Spanish settlers under Ponce De Leon roamed and searched Florida for the "Fountain of Youth," modern pioneers are flocking yearly to this garden spot and marvel at its wonders.

Florida real estate, Miami in particular, is increasing at a rate that has no parallel anywhere in the country. Hundreds of investors, both experienced and inexperienced, have realized almost unbelievable profits.

We believe in the future of Miami and that present realty prices there offer a remarkable opportunity for profits.

Mr. A. M. Tornes of Miami will be in our office for the next two weeks, and will cheerfully give those interested in Miami any information they may desire.

## Changes in Football Rules for 1924

Most of the changes in the football rules this year deal with minor details of phrasing. An attempt has been made to explain clearly a number of points upon which coaches and officials have been in dispute. Since the revised wording follows closely the interpretation that has been given by most good officials, it is unnecessary to give space to them here but to confine this article to changes of real importance.

### ABOLITION OF ARTIFICIAL TEES AND CHANGE IN KICKOFF

All kickoffs this year will be made from the center of the field instead the kicking team's forty yard line as heretofore. All artificial tees, including scraping up of earth, have been abolished on the kickoff, all place kicks, and free kicks.

### SHIFT PLAYS

This year's rule provides that on all shift plays, players must come to an absolute stop and remain stationary in their new positions sufficiently long to prevent any doubt in the minds of the officials regarding the legality of the play. In case of doubt, the play is to be ruled illegal and a five-yard penalty inflicted.

### CHANGE IN POSITION OF BALL IN TRY FOR POINT

After a touchdown when a team attempts a try for point, the ball may now be placed on the three-yard line instead of the five-yard line as heretofore.

### THE "SCREEN" FORWARD PASS

Under the forward pass rule this year, players on the team making the pass who are ineligible to receive the same must keep out of the way, after crossing the line of scrimmage, of defensive players who have an opportunity to intercept the pass. This is aimed to prevent the "screening" of the man about to receive a pass by guards, tackles, etc., getting in the way of defensive players who are trying to reach the ball.

### DECLINING FORWARD PASS PENALTIES

Further additions have been made to the rights of the defensive team in declining forward pass penalties so that it is practically necessary for the ball to touch the ground before a team can not decline the penalty for infraction of the forward passing rule. The committee has also increased the penalty for intentional grounding of forward pass from ten to fifteen yards.

### ON-SIDE KICK

On-side kicks have been more definitely legislated again by saying that if a kicked ball crosses the scrimmage line, no one of the kicker's side can touch or recover the ball without penalty until it has touched an opponent, but any man may recover a kicked ball which has not crossed the line of scrimmage.

### SUBSTITUTIONS

In order to speed up the game, the referee may now arbitrarily order the watch to be kept running, when in his opinion the number of substitutions, at any given time, is so great as to become a nuisance. Formerly, whenever any substitute went in, time automatically stopped. The captain of a team may now also ask for time out without penalty four times during each half, but each additional request for time out will be penalized by a distance of five yards instead of two yards as heretofore.

### WHISTLE AND PISTOL

The rules committee has officially decreed that no one but the referee may use a whistle whereas formerly it was merely recommended. Other officials must use a horn or some other means of signaling so that there is no chance of confusion in the minds of the players. The rules committee has also recommended that the time keeper shall shoot off a pistol to notify the referee of the expiration of time.

### UNSPORTSMANLIKE CONDUCT

Officials have been given the added power to penalize a team for the unsportsmanlike conduct of "anyone connected with the team" as well as players to which it has been limited heretofore.

### ACROSS THE FIELD

Words and Music by  
W. A. Dougherty, Jr., '17

Fight that team across the field,  
Show them Ohio's here,  
Set the earth reverberating with a  
mighty cheer.  
Hit them hard and see how they fall;  
Never let that team get the ball  
Hail! Hail! the gang's all here,  
So let's beat that Wesleyan now.  
Oh, Ohio! Oh, Ohio! Wa-hoo! Wa-hoo!  
for Ohio!

## THE BUCKEYE BATTLE CRY

Words and Music by Frank Crummit

In old Ohio there's a team,  
That's known thruout the land;  
Eleven warriors, brave and bold,  
Whose fame will ever stand,  
And when the ball goes over,  
Our cheers will reach the sky,  
Ohio Field will hear again  
The Buckeye Battle Cry.

Drive! Drive on down the field,  
Men of the scarlet and gray;  
Don't let them thru that line,  
We have to win this game today,  
Come on, Ohio! Smash thru to victory,  
We cheer you as we go;  
Our honor defend  
So we'll fight to the end  
For Ohio.

## CARMEN OHIO

Words and Music by  
Fred Cornell, ex-'06

(Hats off, standing)  
O, come, let's sing Ohio's praise  
And songs to Alma Mater raise;  
While our hearts rebounding thrill  
With joy that death alone can still.  
Summer's heat or winter's cold,  
The seasons pass, the years will roll;  
Time and change will truly show  
How firm thy friendship—Ohio.

These jolly days of priceless worth  
By far the gladdest days on earth,  
Soon will pass and we not know  
How dearly we love Ohio.  
We should strive to keep thy name  
Of fair repute and spotless fame;  
So in college halls we'll grow  
And love thee better—Ohio.

### Alumni Chorus

Tho, age may dim our mem'ry's store,  
We'll think of happy days of yore,  
True to friend and frank to foe,  
As sturdy sons of O-hi-o.  
If on seas of care we roll,  
'Neath blackened sky, o'er barren shoal,  
Thots of thee bid darkness go,  
Dear Alma Mater—O-hi-o.  
(All in on last Ohio.)

## THE CHANT

Oh, Buckeye,  
O-HI-O!

O—Ra—Rah Rah,  
O—Ra—Rah Rah,  
Young!  
Tee Young,  
Rah Rah Rah!

O—Ohio, Ohio,  
The Hills send back the cry,  
We're here to do or die  
For Ohio Ohio  
We'll win the game or know the reason why!  
And when we've won the game, 'tell you  
what we'll do,  
We'll yell for old Ohio  
'till we wobble in our shoes.

Repeat first 5 lines.

## WOOSTER

### WOOSTER LOVE SONG

In College days, when all is gay,  
And life but at the start,  
There comes to each a love supreme,  
Awak'ning in his heart;  
And when we ask, "What is this love,  
This first love, fond and true?"  
From many hearts the answer rings,  
"Tis dear old Wooster U."

### Chorus

To Wooster U, . . . . our Wooster U,  
Out in the world can we prove true?  
Ever rememb'ring, never forgetting,  
Our love for you, dear Wooster U.

Old Wooster and its memories,  
Will come to us each day, . . .  
And life with all its joys and cares,  
Can ne'er drive these away. . . .  
The center 'round our first love,  
Our dear old Wooster U.

Attorney General Crabbe has stood loyally by O. S. U. As a member of the General Assembly he sponsored the one-eighth mill levy to carry out our building program.

When the present Governor vetoed the \$200,000 appropriation to the university, General Crabbe was appealed to and he aided in restoring this appropriation.

When an effort was made to close the Co-op store, again Attorney General Crabbe came to our rescue.

O. S. U. believes in loyalty. May she remember the services of Attorney General Crabbe on November 4.

READ WHAT THESE  
FAMOUS MEN SAY  
ABOUT THE NEW  
WILLYS-KNIGHT

GLENN CURTISS—"It is sur-  
prising. I drove the car at all  
speeds up to 50 miles an hour and  
found absolutely no engine vibra-  
tion."

HIRAM PERCY MAXIM—  
"The Lanchester Balancer certainly  
takes out the vibration. It makes  
the motor smoother than most of  
the six and eight cylinders on the  
road today."

MAURICE OLLEY, Production  
Engineer of Rolls-Royce of America,  
Inc.—"From the demonstration  
there is no doubt that the elimina-  
tion of the inherent harmonic vibra-  
tion, by means of the rotating  
balancer, has been attained in  
practice to a degree which is very  
satisfactory to the passenger."

W. E. BEST, Works Manager  
of the Remington Cash Register  
Co.—"The smoothness of the motor  
was a revelation to me. The  
driver increased the speed from 15  
miles an hour to approximately  
45 miles, and as far as I could  
detect, with no vibration, and it  
would seem that the balancer is  
doing the trick and gives six-  
cylinder operation as far as smooth-  
ness is concerned."

ADDED to the many recognized excellencies of  
Willys-Knight came the Lanchester Balancer, a  
British invention, that said good-bye to vibration.  
Its effectiveness has astonished car owners and automotive  
engineers alike. At all speeds—velvety smoothness.

Willys-Knight long ago said good-bye to carbon trouble  
and valve grinding. It made steering as easy as turning  
the head. It coupled appearance, power, performance and  
the motor that improves with use in one.

NOW—another triumph.

*The new Willys-Knight with the Lanchester Balancer is ready at our  
show rooms for inspection and demonstration. Drive it at all speeds.  
See its superiority.*

# College Football as an Industry

College Football is correctly classified as the purest of sports. Yet so enormous is the interest it creates, that one has only to regard some of the incidental effects produced by it, to realize that it constitutes a true industry as well.

Take the program in which this is printed:—

Not every spectator at a football game desires a program; yet to satisfy the crowds at Ohio State's six home games this year, 100,000 programs will be required.

Into the making of those programs will go 113,400 sheets of paper, each 32" x 44" in size. The weight of this paper will total 18,000 lbs. or nine tons.

The total area of the paper involved is 1,108,800 sq. ft., or a little less than 26 acres. This would be sufficient to roof over from wall to wall, two structures the size of the Stadium and leave a generous excess to carpet the infields with.

Laid end to end, the paper sheets would extend nearly 79 miles. Or, laid in a double row, they would pave an automobile track 39-1/2 miles long.

To print these sheets and place three colors on the covers, will require 455,000 press impressions. The press cylinders will have an approximate travel of over 1000 miles in producing these impressions.

Over 3-1/2 miles of wire will be consumed in the seemingly insignificant bindery stitches.

Here is indeed a romance of industry—the labor of many men, loggers, paper makers, process engravers, compositors printers and binders—called into activity by but a single phase of the interest in college football.

And because of the news nature of these programs, an average of only five days is allowed for the printing and binding of each one.

For printing and binding the Ohio State football programs this year, those in charge have turned to

## The Big Six DUPLEX-PHAETON

—there is no other seven-passenger car like this!

**T**HE NEW DUPLEX-PHAETON, was first introduced by Studebaker, September fourteenth. It is the sensation of the industry.

It has solved the closed-open car problem.

With the over-lapping side enclosures in place it has the comfort and protection of the closed car. The cushions are deep, wide and soft; the interior finish and fittings suggest the closed car in richness and elegance. It has the riding comfort of the sedan.

With a touch of the hand you roll the side enclosures into the steel-framed roof—and you have the vision and freedom

of the open car—yet it gives you comfort, elegance and easy-riding luxury that no open car can ever give you!

*The price is the same as the open car.*

The seven-passenger DUPLEX-PHAETON mounted on the new Big Six chassis is the car unique—there is no other like it.

Always famous among seven-passenger cars, the NEW BIG SIX with its improvements and betterments, takes its place definitely among the finest six-cylinder cars made in this country.

In beautiful lines, high-grade appointments, impressive appearance there are few cars that can equal it at any price.

It is one of the very few cars specially designed and powered for seven-passenger service—the engine develops over 75 horsepower.

In operation and maintenance it is notably economical.

In material, workmanship and limits of precision it is unsurpassed. In essential fineness and quality no car can give you more real value—it is a masterpiece of one of the most modern and complete factories in the entire automobile industry.

As such, it is a leader in every sense of the word. See it with this thought in mind—and see the new DUPLEX BODY!
